Boat Cover Order Form

7/1/08

Dear MR. BRADLEY,

Thank you for your inquiry concerning our custom fitted boat covers. I have enclosed fabric samples, pictures, detailed descriptions, and our price list showing the many covers we make at our sail loft. I have circled in red information pertinent to your ZUMA.

If you will order what is in stock, we will be able to ship upon receipt of your order. We try as much as possible to keep all covers in stock but this becomes impossible during our busy season. A listing of the boat covers in stock for your boat is at the top of the page that has the fabric samples stapled to it.

Referring to our 4-page black & white brochure, please note that our covers are designed by one design sailors with over 30 years sailing experience. Page 2 gives 6 reasons why you should invest in a good cover for your boat. And it describes how our covers are superior over others on the market. Our innovations have set the standard for the industry. Page 3 shows photos of how each style of boat cover fits. And page 4 describes the pros and cons of each fabric. The "best" fabric depends upon how you want to use the cover. Please read these fabric descriptions to determine which fabric will be best for your use. Feel free to call Katie or Sandy if you are still unsure.

After considering the various materials, types of covers, and what is in inventory, please use the form below to order your new ZUMA cover, or for even faster service, call us and use your VISA or MC.

Name _____ Day Tel. (____) _____
Address _____ Eve Tel. (____) _____

Skirted Covers Note:

If you would like a Poly Army Duck cover with an Acrylic skirt to save on weight, take the price of the Poly Army Duck Skirted cover and multiply by 1.02 to get the price for the Poly/Acrylic combination. (An all-Poly skirted cover can get heavy to handle on boats that are 18' or longer.)

Acrylic Bottom covers for sunshade only.
Acrylic NOT recommended for trailing.

* **(Tie-down trailer brace modification on Flying Scot T-M style cover = \$39.00.)**

** **(Bar traveler pouch modification on T-M cover - add \$43)**

*** **(Modify for stanchions = \$12 each.)**

@ **(Ask about additional hook attachments for Mooring covers used for in-the-water mooring where you have nothing to tie down to.)**

CLASS	Polyester Army Duck	Acrylic See note	Nap- bac	Nylon w/ foam
-------	------------------------	---------------------	-------------	------------------

Not sure whether Polyester Army Duck or Acrylic is better for your needs?

See flowchart on a separate page, answer yes-no questions, and you will have your answer.

Don't understand the difference between our "Mooring" style cover and our "Trailing-Mooring" T-M cover?

See comparison photos on the top half of the flowchart page.

Acrylic Note:

There is an 10% additional charge for the acrylic colors of Red, Burgundy, Yellow, and Sky Blue.
